

TREATY IS HANDED TO THE GERMANS

Notable Assemblage of Representatives of 27 Nations Present On Momentous Occasion at Paris

(By Associated Press) Versailles, May 7.—Germany today was told the terms upon which the allied and associated powers would make peace with her.

The terms are contained in the treaty of some 80,000 words in length which was handed to the German plenipotentiaries at a memorable assemblage here, attended by delegates of 27 nations which are parties to the peace pact.

The notable document on which the leading statesmen of the various nations have been working together with a swarm of experts from the principal countries involved since the convening of the peace conference, January 8th, it introduced by an extensive preamble, embodying the assertion of the authority upon which the treaty is based.

Immediately following the first chapter is the text of the League of Nations, the text of which has already been printed.

Of the fourteen principal sections, one contains stipulations with regard to frontiers which materially changes the map of Europe.

Military, naval and air terms are dealt with in another section, while still another is devoted to the subject of reparations.

Political stipulations for Europe on the one hand and outside of it on the other, are dealt with in separate divisions of the document.

The treaty, it is noted, has to do with Germany alone, except insofar as it is required that she accept the agreements made by the allies with the other Central Powers.

The terms of the treaty will spell the end of Germany as a military power. She is deprived of virtually all her fleet; her army is cut down to nominal dimensions and she is sharply restricted along lines through which she might seek to work militarily to rehabilitate herself.

Economically, also, the future of Germany is hedged about with stipulations intended to insure her ability to pay the indemnity demanded by the allies, but to prevent her from exploiting her old-time resources as a straggling competitor of the nations about her, which she overran and devastated during the war.

ITALIANS BACK AGAIN

(By Associated Press) Paris, May 7.—Bulletin—Italian Premier Orlando and Foreign Minister Sonnino arrived here from Rome this morning. Orlando resumed his seat when the Council of Four reassembled.

WE'LL SEE ABOUT THAT

(By Associated Press) Paris, May 7.—Bulletin—The German delegates to the peace congress declared they will sign the treaty but Germany will not pay indemnities.

FINE PICTURE COMING

In no picture has the effect of costume been better demonstrated than in "Rosemary Climb the Heights," featuring Mary Miles Minter and shown at the local theatre on Friday, May 8th. Miss Minter enters the story in the simplest garb of the village girl and daughter of the struggling old father, a descendant of old and settled Holland stock. Because of Rosemary's talent for carving clever dolls, she attracts the attention of a party of city artists in general, and a young and handsome composer in particular. She is transported into the whirl of city life. In her attic, for costume ball, Miss Minter is said to wear one of the most elaborately made dresses ever shown on the screen. The lace is precious satin is of the kind we no longer can buy anywhere and has been treasured by Miss Minter's mother until just such an opportunity as this beach work was designed by the great Polier. "Rosemary's" costume is that of Juliet, Alan Forest, as "Ricardo," the composer and lover, gives her the personation of Romeo. Miss Minter used to take Shakespearean parts in private theatricals and always had a leaning toward Juliet.

EATS NOW WITH NO TROUBLE AFTERWARD

STOMACH TROUBLE GONE AND FOOD DIGESTS PERFECTLY SINCE TAKING MERITONE.

Mrs. Kate Ricketts, of 22 West Ninth street, Hopkinsville, Ky., is one of the hundreds of people who have tried Meritone and who highly praise it for the benefits it has brought them. "All my life I was bothered with stomach trouble and indigestion," said Mrs. Ricketts. "Nothing helped me. I was constantly belching up my food after meals. I tried Meritone and I want to say that it helped me more than any medicine I ever took."

NO TROUBLE NOW. "My stomach is in good condition now and I eat anything without belching afterward or any other trouble. My food digests properly now, also. My sister took Meritone also and it helped her just like it did me and now my little daughter is taking it."

Meritone is a tonic and system medicine of real merit and has no superior anywhere for killing conditions of the stomach, liver, kidneys, catarrh, rheumatism, sleeplessness or lack of appetite.

Meritone is sold exclusively in Richmond by H. L. Perry & Son.

IMPORTANT POINTS OF TREATY HUNS WILL SIGN

(By Associated Press) Paris, May 7.—The peace treaty delivered to the Germans at Versailles today is the longest ever drawn. It provides that if the governments named agree, the United States and Great Britain will immediately come to the assistance of France in case of an unprovoked attack by Germany.

It does not deal with questions affecting Austria, Bulgaria, and Turkey except insofar as binding Germany to accept any agreement reached with those former allies.

Germany, by the terms of the treaty, restores Alsace and Lorraine to France, accepts internationalization of the Saar Basin temporarily, and Danzig, permanently, agrees to territorial changes toward Belgium and Denmark and in East Prussia, cedes most of upper Silesia to Holland and renounces all territorial and political rights outside of Europe, as to her own or her allies' territory and especially to Morocco, Egypt, Siam, Liberia, and Shan- ghai; also recognizes independence of German-Austria, Czechoslovakia, and Poland. Her army is reduced to 100,000 men and officers, conscription within her own territories is abolished.

All forts 50 kilometers east of the Rhine must be razed.

All importation, exportation and nearly all production of war material must be stopped.

Allied occupation of parts of Germany will continue until reparations are made but will be reduced at the end of each of the three five-year periods, if Germany fulfills her obligations.

Any violation by Germany of the conditions as to the zone east of the Rhine will be regarded as an act of war.

The German navy is reduced to 24 ships with no submarines, and all other vessels, surrendered or destroyed.

The first charge against him alleged misuse of \$130 of the company's money. Sanders is defended by Attorney A. R. Burnam, Jr., while Attorney John Noland is assisting Commonwealth's Attorney Crutcher. Sanders denies that he is guilty of any of the charges.

Judge Shackelford started off work in good shape yesterday and cleared a number of cases off the docket. A number of the boys who were caught in a little chicken fighting case were fined \$20 and costs each.

Asher Hall, on charge of gaming was given a fine of \$20 and costs. Joe Tusey, on a charge of assaulting his wife was fined \$100 and costs. They live in the Round Hill section.

Jesse Hunter, on a breach of the peace charge was given a fine of \$50 and costs. Mrs. Robert Benton was the complaining witness.

Cora Smith on a charge of conducting a nuisance was fined \$50 and costs. Florie Jones, of the Dreyfus section, was given a year in the penitentiary on a charge of disturbing a pie supper in the store of F. M. Jones.

The murder case against Arthur Webb, charged with the killing of Emory McNally, was continued. Several of the principal witnesses are said to be in France. Webb is out on bond. Tye Baker was fined \$20 and costs on a charge of disturbing a pie supper in the Dreyfus section.

Holland will be asked to extradite William, Germany being responsible for delivering the others.

The League of Nations which is section one of the treaty, is accepted by the allies and associated powers as operative and by Germany in principle but without membership.

SEVERAL VACANCIES ON CALDWELL FACULTY

The matter of selection of a successor to Supt. D. W. Bridges, as head of Caldwell School, was informally discussed at the regular meeting of the Board of Education of Richmond Tuesday evening. It was decided to consider the matter further in a week or ten days. Sentiment among the friends and patrons of the school and taxpayers generally seems to be that a big man in the educational world should be found to head the work at Caldwell, if possible, and if it is necessary to pay the size salaries that other schools are paying for high class material, that Richmond can afford to pay as much as any and nothing but the best should be considered.

The grade teachers were elected for the ensuing term, with the exception of those who were not applicants for re-election, all of the present faculty will succeed themselves. Profs. Gabby and Brock were not applicants for re-election to their present positions in the high school, thus leaving two vacancies there to be filled. Miss Lissa Holtzclaw was not an applicant for re-election as head of the music department, nor was Miss Odessa Price as teacher of the Seventh grade and these two vacancies will be filled later.

RAWLINGS TO RUN FOR CIRCUIT JUDGE

Attorney John Rawlings, of Danville, who is here with several cases before Federal court, told the Daily Register today that in the event of Judge Hardin's election for congress in this district, he will be candidate for Circuit Judge to succeed Hardin in the 18th. judicial district. This district is composed of the counties of Boyle, Mercer, Lincoln, and Garrard. It has been reported that County Attorney Henry Jackson, of Boyle may also be a candidate, while Joe E. Robinson, of Garrard, who is expected to be named to fill the vacancy by the governor before an election is held, in all probability will be a candidate for the democratic nomination also. Judge Hardin has been here for several days making a lot of friends since it appears to be a certainty that Madison will not have a candidate for the congressional nomination.

CONGRESS CALLED TO MEET ON MAY 19

President Issues Call For Special Session By Cable After Receiving Views of Secretary Glass

(By Associated Press)

Washington, May 7.—President Wilson, by cable today issued a call for a special session of Congress to meet Monday, May 19th. Secretary Tumulty, in making the announcement, said it will be impossible, of course, for the President to be here on the opening day.

Officials said that in setting the date, which is much earlier than Democratic leaders had expected, the President was guided largely by the advice of Secretary Glass as to the necessity of passing the annual appropriation bills which failed last session.

COL. GEORGE SMITH BACK FROM OVERSEAS

A dispatch from Lexington said this morning that word has been received there that Col. George T. Smith, aspirant for the democratic nomination for Governor, has arrived in New York from France and expects to be at home within a few days. Col. Smith said in a telegram that he expected to make his decision regarding the democratic nomination for governor on his arrival in Lexington. Col. Smith who was formerly of Beattyville, was colonel of the 2nd Regiment of the Kentucky National Guard, and he saw service in France and Germany and was later transferred to the army of occupation and made military governor of part of the occupied zone. He is a nephew of Hon. W. B. Smith, of Richmond, and has many friends here.

## EASTERN DEFEATS SUE BENNETT TEAM 7 TO 2

The Eastern ball team added another victory Monday afternoon when they collided with the Sue Bennett Memorial team of London. The game started off with some real athletic spirit. Every individual present was sizing the two teams up as they were mixing here and there before the game started.

In the early part of the game the Eastern boys thought they had struck their match but after a few innings had been played it was easily seen that the Eastern nine were back on the job and playing their old style of ball as in previous games. With McDougle off of first, wasn't playing their best ball, although Trooper, captain, changed the line up just a bit in order to fill up the vacancy of McDougle, brought Scrivner from the outfield, playing him at short and taking first base himself. The game went off nicely. Scrivner played a good game at short, while Pittman and Holdcraft were playing second and third in their usual good form. Compton, the old twirler of Eastern, had the Sue Bennett boys at his mercy all thru the game, and as usual pulled himself out of holes time and again.

Sue Bennett has a good ball team but

practically all of their boys are young in base ball experience, the boys of the Eastern team had the advantage.

The score was 7 to 2 until the first of the ninth, when the Eastern boys lost their pep and gave the visitors a chance to score two runs. The game ended with the score 7 to 2 in favor of Eastern, making it five successive victories.

The next game will be played with the Stanford High School, Saturday afternoon, at 3:30.

## SHIPPED OUT BOOZE

WHILE IN RICHMOND. A dispatch from Frankfort yesterday said: Frankfort, Ky., May 3.—Just as the orchestra was playing its last overture last night at the Capital Theater here, Thomas V. White, the piano player turned on his stool and looked into the faces of R. P. Hodson, special agent for the Department of Justice and United States Commissioner Charles N. Wierd. We have come to see you about the trunk you shipped from Richmond, April 27.

White collapsed and admitted he had shipped the trunk containing thirty pints of liquor to Murfreesboro Tenn., the show he is with being in Richmond that day. He pleaded guilty and gave bond.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by E. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Mrs. Frances Veach, 95 years old, is dead at Versailles.

## MATZENAUER

THIS WEEK

Margaret Matzenauer, phenomenal Prima-Donna contralto of the Metropolitan Opera Co., assisted by Emil Polak, Pianist, will appear at the Lexington Opera House Friday May 9, for one concert only, under the auspices of The Lexington College of Music, Anna Chandler Goff, Director.

Society is anticipating the coming of Mme. Matzenauer and will make this the last series of large musical events in Lexington one of the most brilliant of the season.

The Prima-Donna is now on one her most successful tours of the country, having sing to enthusiastic audience throughout her tour since the close of the Opera Season.

Mme. Matzenauer defies classification. In speaking of her in the same breath with those luscious-toned contraltos, Ernestine Schumann-Heink and Louise Homer, and then predicating that statement by proclaiming her as a great dramatic soprano—one does not express anomaly, astonishing as that declaration may be to those who have not had the good fortune of hearing Mme. Matzenauer in a various roles at the Metropolitan Opera House in New York in the past several seasons.

Seats sale at Ben Ali Ticket Office, beginning Monday, May 5, but mail orders reserved now.

"Spoiling the Ship for a penny's worth of Tar"

You know the old saying—Don't let this happen to our American Ship of State.

Our Country has never stood higher in the eyes of the world than it does today. A place second to none among the Nations has come to us—a place in the sun calling upon its Americans to be teachers and exponents instead of followers:

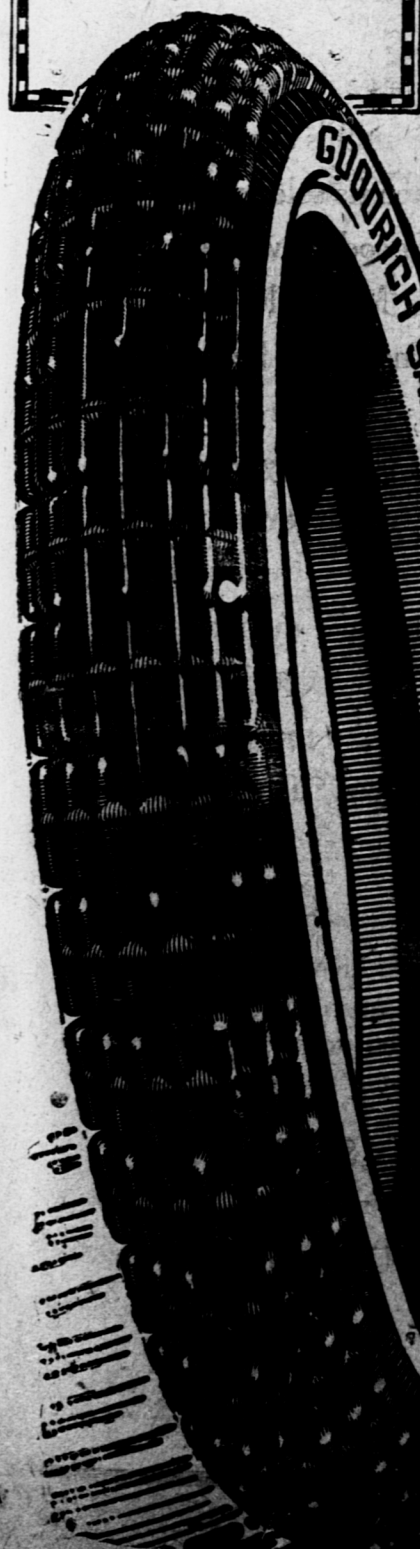

We fought to make the world a decent place to live in, now we must pay to keep the world a decent place to live in—the eyes of all people are upon us, we must put this Victory Loan over in double quick time.

Remember, 4 3/4 per cent—a quarter more this time, and with America's whole resources behind you. Do it now. Do your bit towards steering our American Ship of State towards the greatest smooth sailing prosperity the world has ever known—and finish this war in a businesslike way.

A pie supper was held at Junction City last week for the benefit of improving the roads for the school children. \$159.72 was the amount realized from the sale.

**WHEN TO GATHER ROOTS AND HERBS**

For medicinal purposes, roots and herbs should be gathered when their medicinal properties are at their best. For an instance, roots of annual plants should be dug just before their flowering season, and roots of biennial or perennial plants after the tops have dried. All these things are taken into consideration in gathering the roots and herbs, many tons of which are used annually in preparing that most successful remedies for woman's ills—Lydia Pinkham's Vegetable Compound.

**MORAL—GARRARD FOLKS  
OUGHT TO COME TO RICHMOND**  
Mrs. Norah Prewitt and her 14-year-old boy and Virgie Clark, of Garrard county, escaped serious injury at Danville last week in a remarkable manner when a heavy electric pole broke off at its base and fell across the dashboard of Mrs. Prewitt's buggy which was standing in front of the Arnold garage on Second street. The boy was thrown out of the buggy into the street and was stunned for a few minutes. Miss Vir-

gie sustained a bruised right shoulder. The horse was thrown to the ground by the impact and was caught under the tangled wires but suffered no injury. The occurrence was the result of Mayes' truck accidentally backing into the guy rope that supported the pole.

## Your Catarrh May Lead To Consumption

**Dangerous to Experiment  
With Treatment That Gives  
Only Temporary Relief.**

You see everywhere people with stopped-up passages, who seem to breathe only with the greatest difficulty. There is a constant hacking and spitting in an effort to clear the throat and nostrils, and what appears at first to be only a slight cold holds on with stubbornness until a fully developed case of Catarrh has the victim firmly within its grasp.

There is not the slightest doubt that all this suffering is caused by a tiny disease germ that gets into the blood and multiplies by the million. The catarrh germ attacks the delicate mucous membranes of the nose, throat, and air passages.

These become choked up with the accumulations, seriously interfering with the breathing apparatus, and causing a told suffering. There is usually a cough, irritated throat, soreness of the membranes and constant discomfort.

If you have ever been afflicted with Catarrh, you know something of the suffering and inconvenience the disease causes. You know, too, that it cannot be cured by the application of sprays, lotions, ointments, jellies, or other local treatment. Even if such treatment does succeed in opening the

stopped-up passages for a while, they soon become clogged again, and there is no progress made toward a cure of the disease.

In addition to the suffering and inconvenience caused by Catarrh, there is always danger that the disease will gradually go lower into the throat and attack the bronchial passages, and eventually involve the lungs. Many a case of consumption has developed from a severe attack of Catarrh.

The most satisfactory treatment for Catarrh is S. S. S., the unrivaled blood purifier, which so promptly routes and eliminates from the blood the germs of Catarrh. In this way, it gets rid of the cause of the disease by going direct to its source, cleansing the blood thoroughly, and building up and renewing the entire system.

S. S. S. has been on the market for more than fifty years, and has been thoroughly tested in thousands of cases of Catarrh. If you want to be rid of the disease, throw away your makeshift remedies, and begin on S. S. S. today. You will be delighted with the results, as others have been. S. S. S. is sold by drug stores everywhere.

When you begin taking this remedy, you are invited to write for free medical advice and instruction about your own individual case. Address Chief Medical Adviser, 106 Swift Laboratory, Atlanta, Ga.—(Adv.)

## TWO DIFFERENT VIEWS ON WEED PRODUCTION

(By Associated Press)  
Louisville, Ky., May 7.—Difference in opinion between Mat Cohen, state commissioner of agriculture, and the College of Agriculture, University of Kentucky, concerning tobacco production have been published in a University bulletin.

Growers face disaster if the 1918 production of 427,000,000 pounds is exceeded, the commissioner declared at a meeting of loose leaf warehousemen.

Europe's immediate needs are 500,000,000 available for export, the University bulletin asserts, adding that even with the probability of increased acreage in North and South Carolina, Georgia and Kentucky the total percentage of increase in the world's crop will not be greatly affected.

Meanwhile tobacco growers are reported to be planting greatly increased acreage in Kentucky. Those in the Central part of the state, Commissioner Cohen declared, "are tobacco crazy." He said some farmers had rented land at \$200 an acre to grow tobacco. "With the cost of production now \$150 an acre, as compared with \$80 to \$85 a few years ago this would make the initial cost \$350 an acre before a furrow is turned. Growers cannot hope to profit with tobacco at 20 cents a pound, which we fully expect, and the production 300 pounds an acre."

On the other hand, the University bulletin expresses the belief that "taking into consideration on the abnormal conditions in the tobacco market, the outlook for next year's crop appears very favorable."
